**Rotating Bur Stand T-710**

Stores and organizes 114 pieces of 3/32" burs.  
Measures 7"W by 4" High and features a center cup, (3" Deep by 2 3/4",) to hold small tools such as scribes, files and screwdrivers.

### Busch Burs

Known for durability and dependability, Busch burs have been the first choice of jewelers around the world since the early part of the 20th century. Busch burs are better than any other burs because they are manufactured within extremely close tolerances, always concentric, and true to size. All burs are 44.5mm (1 3/4") long with 2.35mm (3/32") shanks.

**Cut Lube**  
Hi-tech lubrication for most cutting applications. Use with burs when sawing, drilling or drawing wire to insure cooler, cleaner cuts. Cut Lube adheres to the tool surface and is less effected by heat than oil. It makes cutting easier and more precise and adds life to all of your cutting tools. 2 ounce push up plastic sleeve. Made in the USA.
