NON-LOCKING

LOCKING

**Steamostats****T-989 ... Locking 7.5"****T-990 ... Non-Locking 8"**

The original, perfect, non-scratch holder for steam and ultrasonic cleaning. Steamostats feature stainless steel box-joint construction, PVC covered non-scratching tips, and are available in locking or nonlocking models. Locking version has a three-position lockable handle to prevent twisting and slipping. The large, easy-hold loop grips provide comfortable, secure usage. Excellent tool for steam cleaning rings and other jewelry as well as retrieving items from the bottom of your ultrasonic.

**Third Hand  
W/Cross Lock Tweezers**

Aids in freeing both hands for solder work.
