

General Battery Data

LOW-DRAIN batteries are recommended for electronic watches that do not have a light, alarm, or LED display. HIGH-DRAIN batteries are essential for electronic watches that do have a light, alarm, or LED display.

Voltages

Lithium	1.50, 2.00, or 3.00 volts
Alkaline	1.50 volts
Rechargeable	1.50 volts

Other questions about batteries can be answered by AWI by calling (513) 367-9800 or writing to P.O. Box 41011, Cincinnati, Ohio 45211.

Energizer
N Cell Batteries (2 per card)
 B90

Energizer has introduced an innovative cell chemistry that will bring you the best characteristics of both high drain and low drain systems into one battery type. Multi-drain batteries will work in any watch, either high or low drain. The new multi-drain batteries will allow you to reduce your inventory. You will now be able to replace any silver oxide battery on the market by stocking only 32 types. The shelf life has been improved up to 7 years. This adds up to a 40% improvement!

Benefits Include:

- Reduced Inventory - Less types to stock
- Faster Stock Turnover
- Increased Shelf Life
- Takes up less space

TRADE IN YOUR OLD WATCH BATTERIES

Join our Battery Recycling Program. We will issue a \$5.00 credit for every pound you send us. Use your credit towards any items in our catalog.

Program applies only to silver oxide cells.

We do not accept Alkaline, Lithium or Mercury cells.

Anti-Tarnish Tissue

Also known as watch paper, these handy squares of tissue are excellent for wrapping small parts for shipping, storing or handling. Each box contains 1000 sheets of 4" x 4" high quality tissue which keeps items from scratching.

T-699

Watch Care Kit

PACKAGE CONTENTS:

4" x 6" Polishing Cloth: Cleans and restores the original brilliance to your watch face.

4" x 6" Silicone Leather Treatment Cloth: Clean and Protect your leather watch bands natural look and feel.

Gem & Jewelry Cleaner Foam: Deep cleans your metal, diamond and gem stone jewelry.

Gem Wand: Polishes the stubborn and hard to reach tight areas in the band and around the face.

Jewelry Gloss: The built in brush is great for cleaning the tight areas and dispersing micro amounts of watch band cleaner.

8" x 8" Microfiber Cloth: Cleans and takes special care of crystal faces.

These cloths are designed to be lint free and are designed to not scratch or damage your watch face in any way.

Watch Winders

Watch Winders

These scientifically made watch winders look great, even for home use. The outer box is made of highly polished wood, with a lacquered red mahogany finish. Both have a window for easy viewing, with brass hardware and cream lining on the inside, padded so you'll never scratch your watch.

State-of-the-art motors have three options for spinning watches using the switch conveniently located under the lid. Best of all, the units run on four "C" batteries or an AC adapter included. Your automatic watch need never run down again, so no winding, date changing, etc.
