T-667 \$1.35

Picasso Blue Platinum Polish

1/4 lb Bar

T-881 \$18.00

Majic Drain

Effective and affordable drain trap makes it easy to clean and retrieve articles which would normally be lost forever. The see-thru trap saves stones, rings, bits of gold and other small items that may accidentally be washed down the drain. The snap-off filter is easily removed so you can retrieve the item at that moment. It is easily installed and fits 1 1/4" or 1 1/2" drain pipes and all the necessary hardware is included. Since it is all plastic, rust and corrosion are never an issue

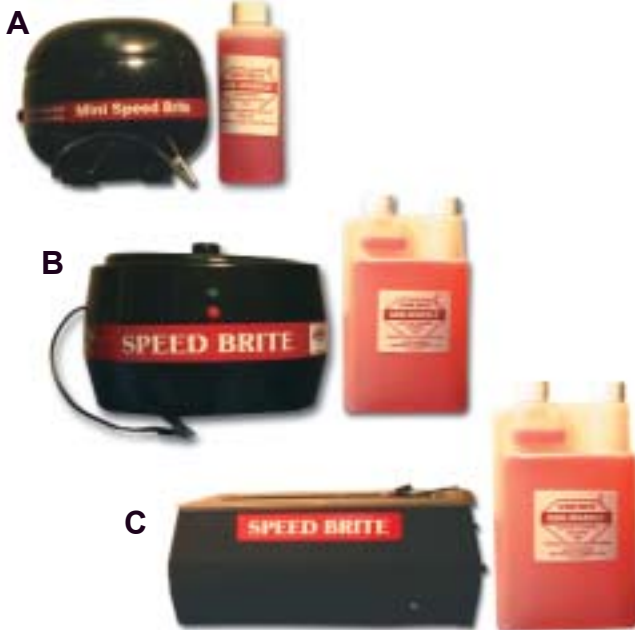

T-786 \$8.79

Mini Ultrasonic

Quiet, small and powerful. True ultrasonic cleaner with 1 pint stainless steel tank.

35watts / 110volts

T-673 \$38.25

Speed Brite Ionic Cleaners

These ionic systems perform a silent, odorless process that quickly and easily removes tarnish from gold and silver*. It is safe for soft stones such as opals, turquoise, emeralds and pearls. The process attaches ions to the contaminant, not the metal or stones. The surface tension is reduced, allowing the contaminants to be removed by soft bubbles.

A. T-827 Mini #100SB holds 6oz \$45.00

B. T-828 #200SB holds 12oz \$86.80

C. T-829 #309SB holds 32oz \$115.50

Replacement Gem Sparkle Cleaning Solution for use in Speed Brite Cleaners

T-830 16oz \$7.95

T-831 32oz \$10.50

* Silver is cleaned in a very short time. The unit is automatically timed but, you will need to watch silver and remove it after a few seconds rather than leaving it in for a full cycle. Make sure you rinse the piece thoroughly so it will be squeaky clean. It will stay clean longer.

Some low karat gold or silver joints may darken. These areas will need to be polished to remove the oxidation. Limited cleaning time will help here also.

Presidium Inside Ring Engraver

Engrave dates, names, etc. on the inside of ring shanks in seconds with this engraver. Includes two sided dial with block and italic fonts.

Weight 20lbs
